

Toddle's FAB Check

A routine for checking AI output

Fairness:

Is everyone being treated equally?
Check if the content includes different people and viewpoints fairly.

Highlight any part that:

- leaves someone out
- assumes everyone is the same
- doesn't consider different viewpoints
- might cause harm
- feels unfair

"This didn't feel fair because _____."

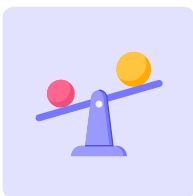

Accuracy:

Is the information correct?
Look for facts that are true and make sense.

1. Underline the facts
2. Place a ✓ if its something you know is true
3. Place a ? if you don't know and should check

"This didn't feel fair because _____."

Bias:

Is it showing only one side?
See if the content favors one idea or group more than others.

Circle words or ideas that:

- feel one-sided
- are overly positive/negative
- make assumptions

"This didn't feel fair because _____."
