

Case Study Breakdown

1. Part 1 - Research
 - a. Students will conduct research on ChatGPT using Part 1 guiding questions in groups
2. Part 2 - ChatGPT Research Debate Worksheet
 - a. Students will fill out the ChatGPT Debate Worksheet
3. Part 3 - In-class Debate

Part 1 - Research

Watch video -  Why OpenAI's ChatGPT Is Such A Big Deal

Open AI's ChatGPT is a large language model designed to learn and create on its own to produce text output for users. It is a fascinating innovation that has the potential to change how humans interact with AI technology. Another strand of AI, Chat GPT is a Generative AI that uses language model software structures to communicate information.

Research information concerning the app ChatGPT and respond to the following questions.

1. Describe a variety of ways ChatGPT may be used.
2. In what ways is the app, ChatPT, beneficial to businesses or individuals?
3. What are the limitations of ChatGPT?
4. What are ChatGPT's potential dangers?
5. Based on your research, how do you evaluate ChatGPT based on the following criteria:
 - helpfulness
 - truthfulness
 - harmlessness

Include citations with your responses. Below are recommended articles to assist you in conducting your research.

Part 3 - In-Class Debate

Pick a debate topic, e.g., “ChatGPT is bad (i.e., destructive) for humanity”, or “The benefits of ChatGPT substantially outweigh the risks”.

Debate Structure

Opening Statements

- (2 min) Team Affirmative (For) - 1st Speaker
- (2 min) Team Negative (Against) - 1st Speaker

Rebuttals

- (5 min) Teams prepare rebuttals to opening statements
- (2 min) Team Affirmative Rebuttal - 2nd Speaker (2 min) Team Negative Rebuttal - 2nd Speaker

Response to Rebuttals

- (3 min) Teams prepare response to rebuttal statements
- (2 min) Team Affirmative Response to Rebuttal - 3rd Speaker
- (2 min) Team Negative Response to Rebuttal - 3rd Speaker
- Closing Statements
- (5 min) Teams prepare Closing Statements
- (2 min) Team Affirmative Closing Statement - 4th Speaker
- (2 min) Team Negative Response closing Statement - 4th Speaker
- CLASS VOTE
- Final reflection statement (on debate form)
- Turn in Debate form

Debate Rules

1. Stick to the structure!
2. Do not talk when it's not your turn. No interjections or interruptions.
3. Stay on topic.
4. No inappropriate language.
5. No resorting to personal attacks.

Debate Goals

- Impactful statements
- Data-backed evidence
- Eloquent delivery
- Understanding of the topic
